

PUBLIC SAFETY AED SERVICE PROVIDER

Purpose

A public safety AED service provider is an agency or organization that employs individuals as defined in Section 100014 C.C.R, and who obtain AEDs for the purpose of providing AED services to the general public.

Related Policies

Marin P&P 4100, 4120. Authority cited: Section 1797.107, 1797.182, 1797.183, 1797.210 Health and Safety Code; Section 13518 Penal Code.

Policy

- A. A public safety AED service provider shall be approved by the Marin EMS Agency, or in the case of state or federal agencies, the EMS Authority, prior to beginning service. In order to receive and maintain AED service provider approval, a public safety AED service provider shall ensure compliance with the requirements of this Chapter.
- B. Public safety AED service provider approval may be revoked or suspended for failure to maintain the requirements of this section.
- C. A public safety AED service provider applicant shall be approved if they meet and provide the following:
 1. Provide orientation of AED authorized personnel to the AED;
 2. Ensure maintenance of AED equipment;
 3. Ensure initial training and continued competency of AED authorized personnel;
 4. Authorize personnel and maintain a listing of all public safety AED service provider authorized personnel and provide upon request to the LEMSA or the EMS Authority.
- D. An approved public safety AED service provider and their authorized personnel shall be recognized statewide.
